

## *Legacy Verified Angus & SAV Ranch Application*

### **APPLICATION INSTRUCTIONS:**

This Application covers Legacy Verified Angus and Source and Age (SAV) ranches only. Please fill out this application in its entirety including the Signature Page.

**Page 6 is the Signature Page and MUST be signed for your Application to be complete.**

**Please remit the following documents and information with your Application. We will not be able to proceed with the phone and records audit until we have ALL of the information listed below.**

- 1.) Completed and Signed Application (Application on Following Pages).
- 2.) Completed and Signed Contract.
- 3.) Calving Records – Please make sure the records include the month/day/year for the calving group(s) you are trying to certify. (Photocopies of calving records are sufficient.)
- 4.) Head Count Support – Any records to help the Legacy Verified auditor to verify the number of calves you are trying to verify. Examples: Individual Calving Records, Vaccine Records with Doses Purchased, Cow/Calf Inventory Records, Branding Tally, Preg Check Records, etc.
- 5.) Registration Papers, Lease Agreements, AI Certificates, etc to prove Angus/Red Angus Parentage or two 100% Angus/red Angus Granparents. (Minimum for Legacy Angus calves is 50%).
- 6.) If this is a renewal audit (second year with Legacy Verified and beyond), please send copies of the previous year's Shipping Forms for any Legacy Verified Angus and/or SAV cattle shipped.

\*Please keep in mind that Legacy Verified cannot assign an arbitrary calving date for age verification. The first calf born must be documented and all calves in that calving group will be assigned the birthdate of the oldest calf born.

\*\*If older calves need to be excluded from the group, those calves will need to be identified in a way so that they can be easily sorted and removed from the approved group at the time of shipping.
